

ReMed Conference 2023

Transdisciplinary Perspectives on a Circular Economy for Small Medical Devices

The conference will provide an overview of the latest research and industrial initiatives in support of the application of the Circular Economy in the healthcare sector.

Tuesday
19th December 2023
8:30-17:00

Loughborough University,
LE11 3TU, James France Building
Room CC012

Who should attend: We welcome industry professionals from across the healthcare supply and recovery chain, plus academic researchers working within multidisciplinary fields related to sustainability within the healthcare sector.

The day will encompass the following:

- Presentations from industrial and academic practitioners
- Poster session showcasing the latest leading research
- Industry exhibition and technology demonstrations

If you wish to showcase a poster or apply for an exhibition stand, further information on how to do this can be found on the dedicated event webpage: www.remed.uk/remed-conference-2023
Final programme to be announced.

Registration

Free to attend.
Places limited - 100 tickets allocated
on first-come first-served basis.
